PROFILE

I am a third-year undergraduate student majoring in Information Technology at the Institute of Technology of Cambodia (ITC). Enthusiastic and motivated, I am currently seeking an internship opportunity to apply and further develop my skills in the field of Information Technology.

PROJECT

Student Management System (SMS)

12 December 2024 - 30 January 2025

A desktop application built with Java using **OOP** principles and **Swing UI**, **MongoDB** is used for data storage and management.

Mockup Exam System (ITC) - Front-end Developer

12 March 2025 - 12 June 2025

A free online platform offering past exam papers and revision tools for university entrance prep in Phnom Penh. Built with **Next.js**, **Tailwind CSS**, and integrated with **Shadcn UI**.

TTJ E-Commerce - UX/UI Designer & Front-end Developer

11 May 2025 - 12 Jun 2025

Designed interfaces on **Figma** and built the frontend using **Next.js**, **Tailwind CSS**, and Integrated with **Shadcn UI** and **Magic UI**. Ensured responsive design every device.

Portfolio - UX/UI Designer & Front-end Developer

14 April 2025 - 18 April 2025

Designed interfaces on **Figma** as a personal website and built the frontend using **Next.js**, **Tailwind CSS**, and Integrated with **Shadcn UI**, **Magic UI** and **Aceternity UI**. Ensured responsive design every device.

EDUCATION

Institute de Technology du Cambodge

20 February 2023 - Present

I'am pursuing an Engineering Degree in Information and Communication Engineering.

Full-Stack Web Development - Udemy

20 March 2025 - Present

Gained practical web development skills through hands-on projects. Improved problem-solving, coding workflow, and applied both front-end and back-end technologies.

ACHIEVEMENTS & EXPERIENCE

Volunteer
